

## MUSTANGS NORTHWEST PRESIDENT'S MESSAGE

December 23, 2022

Santa's workshop is now closed. The gifts are ready for Santa to distribute during his journey Christmas Eve. Mrs. Claus has been making chex mix and home-made cocoa mix for all to enjoy over the Holiday.

This is my last President's message to our Mustang Northwest members. I have enjoyed being your President. I did not get accomplished everything I had on my list, but you have a very good slate of officers and board to carry on the operations of Mustangs Northwest.

We are still working on getting a newsletter up and running. Ron Foster has secured the Round Up 2023 dates with North Seattle College, so we are definitely on their calendar. He also secured the general meeting room. It is the same room we have been using, CC1161 at North Seattle College. The board and officers will begin Round Up meetings in January for planning the 2023 Round Up. All volunteers are invited to join. I will let Bill Smallwood, III, your new President, inform you of the time, place and date.

I look forward to seeing you at the general meetings and car shows in 2023. I am ready for a road trip, but the Mustangs are all snug in their beds dreaming of car shows and road trips!

Merry Christmas and Happy Hanukkah and have a very Happy, Safe and Enjoyable 2023!

Sincerely,  
Nancy Atkinson  
Mustangs Northwest President
